Skills

Languages: Dart, Java, Python, JavaScript, Kotlin, Swift, SQL, NodeJs, PHP

Technologies & Tools: Flutter, Firebase, Supabase, RESTful APIs, SQLite, Git, GetX, BLoC, Android, iOS, AWS, Docker, UI/UX Design, adobe illustrator, Figma, Postman, CI/CD, GitHub, ReactJS

Work Experience

Rablo.in, Lucknow

july 2024 - Present

Mobile Flutter Developer - intern

- Spearheaded the development and optimization of mobile applications using Flutter, contributing to the growth of e-learning services provided by the platform.
- Implemented scalable and responsive UI/UX designs to enhance user experience, driving increased user engagement for small and midsize tuition businesses.
- Collaborated with cross-functional teams to integrate RESTful APIs and Firebase, ensuring seamless performance and real-time data synchronization.
- Enhanced code quality and maintainability by implementing best practices in version control with Git, conducting thorough code reviews, and ensuring adherence to coding standards

MYG Digital, Payyanur

March 2022 - Sept 2022

IT Product Advisor(sales)

- Advised customers on IT products, providing tailored solutions to meet individual and business needs, improving customer satisfaction and driving sales.
- Strengthened leadership abilities, consistently meeting or exceeding sales goals and contributing to the overall success of the store.

RISS Technologies, Kannur

Jan 2021 - June 2021

Web development - Project

- Completed a final year project under expert guidance, focusing on developing a full-stack web application that integrated front-end and back-end technologies to meet specific project goals.
- Collaborated with senior developers to implement optimized solutions in HTML, CSS, JavaScript, Python, and SQL, enhancing both the functionality and user interface of web applications.
- Gained hands-on experience in real-world software development, preparing for advanced roles in IT by applying theoretical knowledge to practical projects.

Education

Master of Computer Applications

oct 2022 - July 2024

College of Engineering Chengannur, Kerala

CGPA: 7.58/10

APJ ABDUL KALAM TECHNOLOGICAL UNIVERSITY

Bachelor of Computer Applications

Aug 2018 - July 2021

Gurudev Arts and Science College, kerala

KANNUR UNIVERSITY

Project Work

- **Advanced ML Methods For Dyslexia Biomarker Detection| (2023 Dec-may 2024)** : Developed a project using CNN to detect dyslexia biomarkers from handwritten images. Built a web app with integrated tools to help users overcome language challenges related to dyslexia. Utilized Python, PHP, HTML, JavaScript, and CSS for features like user authentication and activity tracking, showcasing skills in machine learning and web development.
- **Flutter blog app | (2023 OCT-JAN2024)** : Developed a blog app using Flutter and Firebase, incorporating features like authentication and BLoC for state management. The app provides a seamless user experience with robust data handling and authentication processes. Demonstrated expertise in integrating Firebase with Flutter and implementing best practices for state management using BLoC.

- **Builders Site | (2020 Dec-may 2021)-** : Build a comprehensive Python application catering to building constructors and owners, featuring project planning, resource allocation, real-time progress tracking, and seamless communication. This platform enhances collaboration, ensuring transparency and efficiency throughout the construction process, ultimately delivering successful and timely project outcomes.

Awards and Certificates

- **Data Mining - NPTEL Online Certification | (Jan-Mar 2023)**
- **Cyber Security and Privacy - NPTEL Online Certification | (Jul-Oct 2023)**
- **Introduction To Internet Of Things - NPTEL Online Certification | (Feb-may 2024)**
- **Introduction to Flutter-SimplyLearn**
- **Introduction to UI/UX Designing-SimplyLearn**
